Infrastructure in Batumi – Phase III

**Deadline: 10.05.2017, 4:00 pm**

---

**Country:** Georgia

**Ref-No:** BMZ 2011 66 719/ BMZ 2013 97 728

**Rehabilitation of Municipal Water Supply and Wastewater Infrastructure in Batumi – Phase III  
Works and Supply Contract Batumi/PH-III/C-3**

**Project:** Rehabilitation of Municipal Water Supply and Wastewater Infrastructure in Batumi – Phase III  
Stormwater Works - Networks, Collectors, Pumping stations and associated basins  
Works and Supply Contract  
ICB No. KFW/BMZ 2011 66 719/BATUMI/PH-III/C-3

**Employer:** Batumi Municipality City Hall

**Funding:** KfW Development Bank (KfW) and the Republic of Georgia  
Contract Award will follow the current KfW Guidelines (see [www.kfw.de](http://www.kfw.de)).

**Project Measures:**

The tendered works and supplies are part of the third phase of the investment programme, which aims at rehabilitation of the water supply, wastewater and stormwater infrastructure for the city of Batumi (present population 130,000).

The scope of works covered by this contract package is divided into three lots:

**Lot 1:** Implementation of 1 stormwater Pumping station located on the sea shore and discharging to the sea, including their associated flush-load and retention basins (sea outfalls are not part of the present Contract)

**Lot 2:** Rehabilitation of Javahisvili collector

**Lot 3:** Rehabilitation of secondary stormwater collectors

All the works and supplies are to be implemented to the relevant European Standards (EN) and/or DIN.

Companies with qualified personnel, appropriate facilities and experience in the execution of comparable projects may apply by e-mail for the pre-qualification documents (prepared in English), to the Municipality of Batumi at the address below.

Tender documents will be sent to the applicants in electronic version only. No liability will be accepted for loss or late delivery. The documents are free of charge.

**Place of Submission:** Batumi Municipality City Hall (Address as below)
